Opening words and check in

Linda Underwood is preparing an update on the Laurel Civic Association "Hand Up" (banking empowerment) program. She is in communication with Michael Fluker of the LCA, who will let us know if there are other things UUCOV can be involved with besides tutoring.

The A/V (audiovisual) group is looking for volunteers. Services will be livestreamed at 10am Sundays. Video of the livestream will be available after it is ended. An access link will be included in Happenings. The A/V group is currently an ad hoc committee that is not in the UUCOV organizational hierarchy. Would a more formal process inspire more planning and a better result?

Campus Team Wishlist of things that need to be repaired or replaced. Making the Wishlist formal would improve our ability to raise funds. We could ask for donations targeted for benches, picnic table. Donor plaques could be used. Other ideas include: Air handling UV Filter system, Bench in Memory garden for Marilyn Povenmire, Sanctuary blinds.

Reopening. Will it be gradual? Are we thinking of planning outdoor events such as ARE class, Spring campus cleanup? The Covid-19 Task Force and the Board decide whether groups can meet on campus. The Re-Entry Team would be under the Worship Team.

The meeting ended at 11:20 am
