### Check-In

Jack thanks all the teams for continuing to submit their monthly reports on a timely basis. It helps prepare for this meeting.

The Congregation is vibrant because of the untold hours of dedication everyone continues to provide. As the Congregation emerges from the two-year hibernation, all the teams are active in reestablishing themselves and recruiting new members. The Council gave thanks to Tom Voigt for his outstanding work with the Communications Team.

Unfinished business: the new blinds will be installed in the Sanctuary the week of March 7. Janet Knudsen is working on getting us listed with Amazon Smile. Update: the new hearing-impaired system is working.

Social Justice: The Council approved the Social Justice team's request to conduct a donation drive for humanitarian relief in Ukraine. The proceeds went to the International Rescue Committee.

Finance Committee: There was some discussion on the compensation package to the minister-of-the-month club. It was a clarification that each was offered a set amount and housing.

Campus team: Barb Gundy is leading the gardening effort.

Activities Coordinator: Pam Palmer will assume the position of Activities Coordinator beginning in April. She will coordinate the logistics of parking, tickets, audiovisual, legal(liability), etc., for campus activities.
