

Coordinating Council Minutes, March 7, 2023

In attendance

Steve Leapley (chair), Eileen Leapley, Barb Gundy, Barbara Buehring, Kathy Avery, Linda Underwood, Thom Reeves, Joel Morrison, Judy Houston

Opening words

Chalice lit

Check in

Campus team

Discussion of new sign at corner. A directional sign at the entrance to the drive is being planned. There will be an LGBTQIA symbol and a detachable pole that can be used to hang a banner for special events. An IVMS parent ran over an irrigation box; the school will replace it. We will make it more visible, possibly with paint or reflective stickers. Negotiations with IVMS re parking in the field and paving the easement are progressing. UUCOV will pave the circle in front of Asta Linder House.

Membership

The membership team is reviewing the membership list and archiving members who have not attended in years and have not responded to outreach efforts. Some members will be made members emeritus.

Technology

Thom should be notified of any events being planned so that A/V needs can be assessed and scheduled.

Communications

Committee emails don't work, can't get reply. Kathy Avery will delete the nonworking uucov.org email accounts and set up Gmail accounts for the teams instead. Judy requests that she be informed of news, such as plans for UUCOV's 25th anniversary, ahead of time so she can arrange to take photographs and put items in the paper. She will publish this request in Connections.

Caring

Three couples responded to an item in Connections about touring independent living facilities. It will be posted again, in the In Touch Facebook group, and a tour will be arranged.

General

Linda Underwood suggested that Asta Linder and Waters Hall be painted and landscaped to improve their appearance from the street.

Our next meeting will be April 4.

Closing words

Meeting adjourned.

Respectfully submitted,
Barbara Buehring
