The circumstances for accessible parking-at a significant savings- has been provided with the roadway repaving project.

We seized the opportunity and need to cover the \$14,600 cost.

Wish List contributions can help immensely We have received \$2,500.

### Green Tip of the Month

Reduce, reuse, recycle. This slogan's ordinal list is not an accident. Reducing consumption and reusing things before getting rid of them is greener than recycling. Recycling requires energy use for collection, sorting, cleaning and reprocessing. Reducing through less consumption or smarter consumption means less waste to manage later on and conserves resources.
